

Converting online videos using YouConvertIt

www.youconvertit.com

To convert an online video, select the *Convert File(s) tab*

Step 1: Type or copy/paste the URL for the video you wish to convert (i.e., <http://www.youtube.com/watch?v=xiisteObuhk>) > click on the red **Download it** button

Step 2: Type in the email address where the converted file should be sent

Step 3: In the drop-down menu, select the file type you wish to convert the online video to > click on the red **Convert it** button

* A confirmation message will appear stating that the file has been uploaded and that a download link will be emailed
